

Installation Agreement

This agreement is between the **Mississippi State Department of Health Emergency Medical Services** and _____.

I certify that I have a computer available for the installation of this software that meets or exceeds the requirements for the ThreatScreen application. Further, the software that is required in the specifications is on site or installed on the computer that meets the ThreatScreen specifications.

I agree to hold harmless the Mississippi State Department of Health Emergency Medical Services, its employees or contractors for the installation of the free ThreatScreen software. This is to include any problems which may occur as a result of the installation of this software, or other required software, with the designated Personal Digital Assistant (PDA) and PC stations.

I also understand that the ThreatScreen software is free to Mississippi licensed ambulance services and hospitals only and may not be copied, modified or sold without written permission of the Mississippi State Department of Health Emergency Medical Services. The ThreatScreen software is the intellectual property of the Mississippi State Department of Health Emergency Medical Services and I agree that upon termination as a licensed ambulance service the software will be removed from all PCs and PDAs.

Further, I understand that my ambulance service is responsible for the submission of data according to the EMS Laws, Rules, Regulations and Policy. The failure to properly secure patient encounter data in the new ThreatScreen application will not reduce or replace my responsibility to submit data.
